Happy New Year

Bindi Bindi in
the dining room

Worm Juice

Happy 2024!!

We extend a warm welcome to both new and familiar faces.

Our doors remain wide open, ready to embrace new families joining the Unicare community. We are thrilled to be a part of your child's educational journey and look forward to creating lasting memories together.

Our dedicated team is committed to providing a nurturing and enriching environment, ensuring a seamless transition for all new children settling in.

As we welcome new members into our Unicare family, we also bid farewell to some families who have reached the next chapter of their child's growth. We are grateful for your trust in us and for being a cherished part of the Unicare journey.

This month is filled with new beginnings, fond farewells, and the promise of growth and learning. We are excited about the adventures that lie ahead and the opportunity to witness the incredible development of each child under our care.

Thank you for being part of Unicare ECE.

Here's to a year filled with joy, discovery, and endless possibilities!

Bindi Bindi in the dining room!

Our little ones in Bindi Bindi room have taken a big step in their journey, and they have started going to the dining room for lunch once a week, a milestone that marks not only a delicious part of their day but also a fantastic opportunity for socializing and honing their self-help skills. Your child's journey to becoming more independent and socially adept is off to a fantastic start!

If you have any questions or would like more details about their dining experience, feel free to contact the Educators in the room.

Worm's Juice

Our little eco-warriors in Kulbardi's room have been busy tending to our worm farm with enthusiasm and care! They've nurtured these tiny creatures and proudly collected some nutrient-rich worm juice to take home.

We're proud of their eco-conscious endeavours and the lessons they absorb with the Attenborough Team.

Thank you to the Attenborough team for supporting the children's journey toward a brighter, greener future.

Feel free to take some Worm's juice jar for your garden while you pass in our courtyard today!
