A Message from the Board

What a busy year!
The Management team and the Board have been putting in a lot of effort to implement improvements at Unicare.

Please join us for the 2023 Annual General Meeting at 4:30pm on Tuesday 5 December in order to learn more about Unicare, and how you can help to shape its future.

We are so proud of the work of the Educators and team at Unicare this year. Thank you for everything you have contributed.

Happy holidays everyone!

A message from our Education Leader

Exciting news!
We're thrilled to share that we've transitioned to the Xplor app to enhance communication between Educators and your children's learning experience.

With this new platform, you can easily access photos and videos, track health updates, manage bookings, and view payment statements — all in one place.

We believe this will streamline our connection and provide a more enriching experience for everyone.

Oh, don't worry! Our beloved Family books are still in place, and you can be even more connected to our Unicare family.

Meet our new pets

We would like to share some heart warming news from our Unicare family – the arrival of our newest members, the Spiny Leaf Stick Insects!

Born at the beginning of November, we are delighted to announce that we now have four of these fascinating little creatures in our care. As these delightful stick insects grow a bit older, we plan to extend the opportunity for your families to join in the care and excitement during the weekends. Stay tuned for more updates as we embark on this delightful adventure together.

We can't wait for our Unicare families to connect with these charming creatures and witness the magic of nature up close.

Annual General Meeting:

You're invited to our 2023 AGM!
As parent members, you have a say. The board, management and staff will present on leadership plans, and answer questions. We will vote on important matters and nominate a new board.
